

AAPC

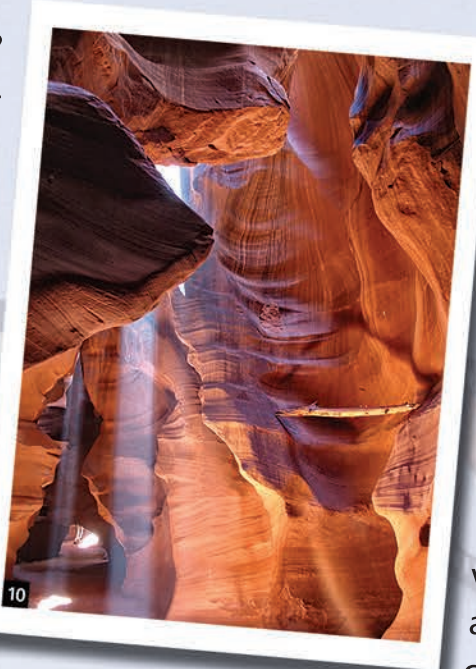

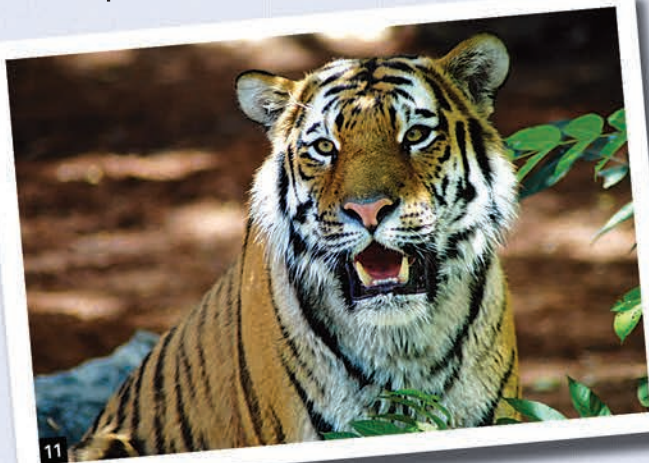

AMARILLO AREA PHOTOGRAPHY CLUB

*It's about passion...
and following your heart.*

Do you own a camera? Do you love to take photographs? Have you just started to take photographs or have you been shooting for years? Do you want to learn more about photography? Do you want to improve your skills? Do you want to share your knowledge and skills with others? Do you want to meet and talk with others who

understand how much you love to photograph people, places, and things that are beautiful, unique and just plain interesting to you? If you can answer yes to any of these questions . . .

Then the Amarillo Area Photography Club is the place for you.

The AAPC has over thirty members who feel like you and want you to join them and share in their love of photography.

AAPC members are people who love to take photos of anything and everything because they love the art and

the process of photography. You will find members with film cameras, point and shoot digital cameras, and digital cameras that shoot both still photos and videos. But it is really all about capturing the image that defines a moment and event in time: the wedding; the family get together; the sunset or sunrise on the plains, the mountains or the city; the bird, the horse, the antelope, the bear, or tiger. Whatever you see that affects you and that you want

to save for your memories and to share with your family and friends. ***It is about passion and following your heart.***

To help you develop your skills and to show how well you can capture that moment, AAPC holds monthly competitions. AAPC is affiliated with the Photographic Society of America and the Gulf States Camera Club Council. This opens the way to regional and national competitions, conferences and other information of interest to photographers of all skill levels.

Find out more about us at amarillophoto.org. You will find meeting location and times.
